

Mariposas Rebeldes is hiring a Contractor to lead a driveway repair and remediation project in South Atlanta.

We are a grassroots nonprofit led by queer latinx organizers. In 2021, we purchased a 1/3-acre lot that we have been stewarding by removing invasive plants and brush, building trails, and planting gardens. The driveway on the lot has long been inaccessible, with old construction debris and concrete rubble blocking vehicles from being able to use it.

We have recently been awarded a grant that will fund up to 2 years of labor, equipment, and materials for driveway repair and remediation, as well as the installation of a security gate and landscaping. Our budget for 2024 is \$8k, with an additional \$8k available in 2025.

Key responsibilities include:

- Creating a plan for driveway repair and remediation, and keeping the project on schedule.
- Installing fencing and a security gate.
- Ordering necessary materials and rental equipment.
- Hiring laborers and managing them on the jobsite.
- Communicating with the board of directors and community stakeholders on progress.
- Submitting timely invoices.

The ideal candidate will be experienced in:

- Managing construction and/or landscaping crews
- Operating heavy machinery such as a skid/track loader, excavator, jackhammer, etc.
